History

Sun Moon Weekend Intensives Yoga Study was developed more than eight years ago because our staff teachers were so enthusiastic about studying yoga. We opened our staff workshops and events to others and wonderful people from Minnesota, Iowa, Nebraska, South Dakota and Wisconsin commuted to Mankato to study with us. We combined our challenging study of the asanas with activities to encourage personal growth, reflection and processing and Sun Moon Weekend Intensives Yoga Study was born.

Director

My name is Mona Cenicerros. Following completion of a Master's Degree in Community Health from Minnesota State University, Mankato, I envisioned Sun Moon Yoga to be a regional community

health resource. With the support of the decades deep Mankato yoga community, and help of gifted teachers, we have promoted health benefits of yoga lifestyle with self-development programs for all levels of participants. We offer opportunities to learn about the many facets of yoga within a

supportive community of experienced teachers and fellow students that are the heart of our approach. For nearly a decade, with a consistent high level of quality, we have provided to participants the foundational yoga experiences that are essential to the understanding of yoga.
